

# TerraPlus® Fluid 3-5-5

## Organic & Organic-Mineral Fertilizers

NPK fertilizer solution with natural amino acids, humic & fulvic acids, promoting root growth, nutrient uptake and stress tolerance of agricultural and horticultural crops.

- NPK solution with a high P and K content
- With free amino acids and humic substances
- Suitable for organic farming

## Description

TerraPlus® Fluid 3-5-5 is a NPK fertilizer with natural amino acids, humic & fulvic acids, promoting root growth, nutrient uptake and stress tolerance of agricultural and horticultural crops.

## Declaration

NPK fertilizer solution  $\text{N-P}_{25}\text{O}_5\text{-K}_2\text{O}$ , 3-5-5 with iron.

For use in agricultural and horticulture.

Poor in chloride.

Content	Nutrients	
3,0%	N	total nitrogen 3,0% organic nitrogen
5,0%	$\text{P}_{25}\text{O}_5$	water soluble phosphate
5,0%	$\text{K}_2\text{O}$	water soluble potassium oxide
0,02%	Fe	iron

More information on the national declaration can be found on the respective country sub-websites.

## Application Recommendations

### Field Crops

Intended application	Application frequency
Fertigation	
Application rate	Time of application
0,1 - 3 ml/l	Follow regional recommendation

### Vegetables

Intended application	Application frequency
Fertigation	
Application rate	Time of application
0,1 - 3 ml/l	Follow regional recommendation

### Fruits

Intended application	Application frequency
Fertigation	
Application rate	Time of application
0,1 - 3 ml/l	Follow regional recommendation

## Nursery & Ornamentals

Intended application

Fertigation

Application frequency

Application rate

0,1 - 3 ml/l

Time of application

Follow regional recommendation

## Form of Delivery

- 20 l canister
- 1,000 l IBC
- bulk

## Transport & Storage Recommendations

### Transport

- Delivery as loose goods in big bags or on pallets with bags and canisters.
- Protect loose goods from moisture during transport.
- Protect goods from excessive direct sunlight and large temperature fluctuations during transport.
- Only transport fertilizer at moderate temperatures. Use an air-conditioned lorry if necessary.
- Take note of any hazardous material labels on the product.

### Storage general

- Protect stored fertilizer from frost, light, and moisture.
- Store loose goods inside a building and not in outdoor areas. Keep doors closed and cover heaped materials.
- As the product has a tendency to attract moisture, protect it from rain and standing water.
- Take note of the hazardous material labels on the product where appropriate.
- Please check the label or safety data sheet for the appropriate transport conditions and storage temperatures.

### Storage temperature

- Avoid frost and excessively high temperatures.
- Avoid large temperature fluctuations during storage.

### Storage periode

- Products should be used up as quickly as possible once opened.
